

First Call For Papers

Monaco Développement Durable (MC2D) & MITI

organize the

Fifth International Conference and Exhibition
on Ecological Vehicles and Renewable Energies

EVER'2010

March 25-28, 2010, Monte-Carlo (Monaco)

General Chairman:

S.E.M. Bernard Fautrier

Plenipotentiary Minister (MC)

Program Committee

Chairman: **Ahmed Masmoudi**

University of Sfax (TN)

Co-Chairman: **Raoul Viora**

State Ministry (MC)

Luigi Alberti

University of Padova (IT)

Ilhem Slama-Belkhdja

University of Tunis (TN)

Hamid Ben Ahmed

SATIE (FR)

Alain Berthon

FEMTO-ST Institute (FR)

Pascal Brochet

Ecole Centrale de Lille (FR)

Brayima Dakyo

University of Le Havre (FR)

Juan Dixon

Pontificia Universidad Católica (CL)

Ayman M. EL-Refai

GE Global Research Center (NY, USA)

Grzegorz Iwanski

Warsaw University of Technology (PL)

James L. Kirtley

MIT (MA, USA)

Włodzimierz Koczara

Warsaw University of Technology (PL)

Philippe Lataire

Vrije Universiteit Brussel (BE)

Elena A. Lomonova

Eindhoven University of Technology (NL)

Nobumasa Matsui

University of Nagasaki (JP)

Mohamed R. Mekideche

University of Jijel (DZ)

Rosario Miceli

University of Palermo (IT)

Grzegorz Ombach

Brose Fahrzeugteile GmbH & Co. (D)

Alfred Rufer

EPFL (CH)

Jianxin Shen

Zhejiang University (CN)

Juliette Souldard

Royal Institute of Technology (SE)

Zhenming Zhao

Tsinghua University (CN)

Zi Q. Zhu

University of Sheffield (UK)

Venue

EVER'10 will be hosted by the principality of Monaco. Located between the Mediterranean Sea, France and Italy, Monaco is one of the most beautiful small countries worldwide. Both conference and exhibition will be held in the Grimaldi Forum which is a prestigious congress center with its fascinating location in the center of Monte-Carlo facing the Mediterranean Sea.

Aims and Scope

EVER'10 is intended to be a forum of specialists coming from both universities and industries, involved in R&D projects in the area of ecological vehicles or of renewable energies or of both. They will have the opportunity to share their scientific, technical, business and social experiences with other attendees coming from all over the world, through the presentation of their recent works.

Topics

EVER'10 covers topics related to ecological vehicles (EV), those linked to renewable energies (RE) and those shared by both (REV), including (but not limited to) the following:

EV1: Ecological Vehicles

EV1-a: Road vehicles

EV1-b: Trains and trams

EV1-c: Boats and yachts

EV1-d: Others

EV2: Ecological Propulsion Systems

EV2-a: Electric propulsion systems

EV2-b: Hybrid propulsion systems

EV2-c: Clean thermal propulsion systems

EV2-d: Flywheel propulsion systems

EV3: Traction Drives and Generators

EV3-a: Electric machine design and analysis

EV3-b: Power electronic converters

EV3-c: Variable speed drive Control

EV3-d: Monitoring and diagnostics

EV4: Ecological Power Supplies

EV4-a: Battery and ultracapacitor design

EV4-b: Recharging infrastructures

EV4-c: Fuel cell design and optimization

EV4-d: Hydrogen infrastructures

RE1: Wind Energy Systems

RE1-a: Aerodynamic systems

RE1-b: Aero-generator design and control

RE1-c: Wind farm generating systems

RE1-d: Interfacing to electric networks

RE2: Solar Energy Systems

RE2-a: Photovoltaic cell technologies

RE2-b: Photovoltaic panels and associated converters

RE2-c: Solar water heating and treatment

RE2-d: Solar refrigeration

RE3: Other Renewable Energies

RE3-a: Geothermal resources and applications

RE3-b: Biomass: heating and electricity production

RE3-c: Bio-fuel fed internal combustion engines

RE3-d: Waterfall and water flow energy exploitation

RE4: Renewable Energy Hybrid Systems

RE4-a: Wind/solar energy systems

RE4-b: Wind/waterfall energy systems

RE4-c: Geothermal/solar energy systems

RE4-d: Biomass/solar energy systems

REV1: Marketing and Economical Impacts

REV1-a: Market analysis, research and prediction

REV1-b: Employment market expansion

REV1-c: Economic benefits in short and long terms

REV1-d: Demonstration, training and maintenance

REV2: Regulations

REV2-a: National programs

REV2-b: Public policies and facilities

REV2-c: Public education and youth programs

REV2-d: Safety, recycling and standardization

Submission

Prospective authors are invited to submit comprehensive abstracts of two to three A4 pages each, written in English, including author name(s), mail and e-mail addresses, and the preferred topic. Abstracts should be submitted electronically through the website: <http://www.conference.evermonaco.com>

Important Dates:	September 25, 2009	submission of abstracts
	November 20, 2009	notification of provisional acceptances
	December 18, 2009	submission of full papers
	January 22, 2010	notification of final acceptances
